The Board of Directors has a responsibility for the organization's operation, stability, and continuity, along with a fiduciary responsibility to the association and its members. Individuals who indicate a willingness to serve as a director should have full awareness of the obligations required. All directors must:

- Serve the full length of the three-year term.
- Commit to the association's strategic plan, including the Mission and Value Statements.
- Avoid self-serving agendas.
- Keep aware of political issues affecting DSA members and public safety.
- Be attentive to the executive board's activities to ensure there is no overstepping of authority.
- Attend board and committee meetings on a regular basis. Three consecutive absences (unless due to department or association business, illness or unavoidable absence from the county) from more than one-half of a board meeting in any four-month period is cause for removal.
- Participate in the community to develop and maintain a professional image for this association. You will be asked to attend community events on behalf of the association and should actively seek and build community relationships.
- Actively guide and contribute to assigned committees.
- Know your MOA and bylaws.
