Bylaws Article XI

Section 10: Retirement Benefit For Class I Members

Class 1 members who retire from service from the San Diego County Sheriff's Department will receive a retirement benefit from the Corporation's Retirement Fund, as computed in this section. "Retirement", as used herein, means retirement from service, or disability, whether service or non-service connected. Corporation members shall have at least ten (10) years of membership to be eligible for retirement benefits, unless retirement is a result of illness or injury, regardless of whether service or non-service related. (Rev. 1/2013)

A. Primary benefit amount calculation: Members will receive a sum amounting to \$200 for each full year of paid class 1 membership, for each full year up to 15 years. For each full year of paid membership from 16 years to 30 years, the benefit amount will be \$300 per full year of class 1 membership. For each full year of paid membership after 30 years, the benefit amount will be \$450 per full year of class 1 membership. (Rev. 1/2012)

i. Corrections Deputy Sheriffs employed by the Department from 1988-2000 and who were Class II members of the DSA during this time and who commencing in 2001 became Class I members of the DSA and remained a member of the DSA until their retirement date, shall receive a sum amounting to \$100 for each full year of service from 1988 to 2000. Corrections Deputy Sheriffs' became entitled to all benefits as outlined in Article XI, Section 10 (A) starting with their Class I DSA membership in 2001. Membership in the DSA must be continuous to receive the \$100 payment for years from 1988-2000. If the Corrections Deputy Sheriff was a Class II member from 1988-1993, cancelled their membership in 1993, but rejoined in 1995 and remained a member until their retirement in 2017, the member would receive the benefits outlined in Article XI, Section 10(A) for the period from 2001-2017 and would be entitled to \$100 for each full year of service from 1995-2000. If the member did not rejoin until 2005, he would only receive the benefits under Article XI, Section 10(A) and would not be entitled to any payment for the membership from 1988-1993. (Rev. 1/2018)

- B. Limitation of retirement benefit amount: There is a limitation of benefits if, in the prior calendar year, both of the following conditions exist:
1. There is a decrease in the balance of the retirement fund from the beginning of the year as compared with the end of the year greater than 5%.
 2. The number of retirees receiving benefits in the previous calendar year is greater than 5% of the total number of members at the start of that year.
 3. Should both conditions exist, the following calculation will determine the retirement benefit calculation for the current year: The primary benefit amount from 10.A is multiplied by a fraction, the numerator of which is the amount of dues received from all members plus net investment gains in the retirement fund in the prior year. The denominator of said fraction is the amount represented by the total benefits paid to all retiring members plus net investment losses in the prior year. (rev. 1/2004)
- C. The benefit shall be payable to the member upon the date the retirement allowance becomes effective, as established by written notice from the Board of Directors, and shall be based on the amount of the retirement benefit in effect as of the date the retirement is granted, or on the amount of the retirement in effect on the date the retirement allowance becomes effective, whichever is lesser. A member who leaves the service of the San Diego County Sheriff's Department for any reason, including taking a deferred County retirement, is eligible for the Retirement Benefit as indicated in sections 10.A and 10.B above, only if they retire from the County of San Diego within twelve (12) months of separation from the Sheriff's Department and were a Class I member in good standing upon separation. There is no deferred retirement benefit from the corporation. (Rev. 1/2004)
- D. A member who has once received any benefit under this section shall be ineligible to again receive any benefits under this section, unless after separation they have returned as a new employee and fulfilled all eligibility

requirements under these bylaws. *(Rev. 1/2004)*

- E. The secretary/treasurer shall cause a review to be made bi-annually of the Retirement Fund and the practicality of increasing or decreasing the retirement benefit. *(Rev. 1/2004)*

- F. A Class 1 member who has been readmitted to the corporation pursuant to Article II C shall be credited with full membership service years the member had at the time of resignation from the Corporation if the member has ten years of membership and has at least seven years of continuous membership in the period immediately prior to their retirement date from the Corporation. *(Rev. 1/2013)*
